Installation Instruction of WiFi Module

Installation Instruction for WiFi Module

Installation steps of WiFi module

Before installation, please confirm whether the purchased WiFi module complies with this unit.

WARNING: Installation must be performed by qualified professionals. Otherwise, it may cause personal injury or damage. Do not put through the power before finishing installation.

1. Open the panel of indoor unit as show in the fig and unscrew the screw on the electric box cover.

NOTICE: Actual product may be different from above graphics, please refer to actual product.

2. Open the electric box cover and you can see the WiFi connection wire.
(The color of WiFi connection wire is the same as the color of connection port in WiFi module).
