

Slipp-Nott® STICKY MAT BASE

Now You Have the Freedom to Place Your Adhesive Floor Mats Anywhere...Anytime!

- The Mat Base from Slipp-Nott is designed to allow users of adhesive floor mats to mount their mats to a movable base instead of being limited to securing the mat directly onto the floor.
- Mat Bases permit the installation of mats in areas where it is not normally possible to adhere mats directly to the floor, such as carpeted areas.
- In addition, a Mat Base is convenient to use in areas where it is important to be able to mop or clean the areas where the floor mat is located.
- Mat Bases come in a wide assortment of sizes and colors for greater flexibility in meeting your specific application requirements.

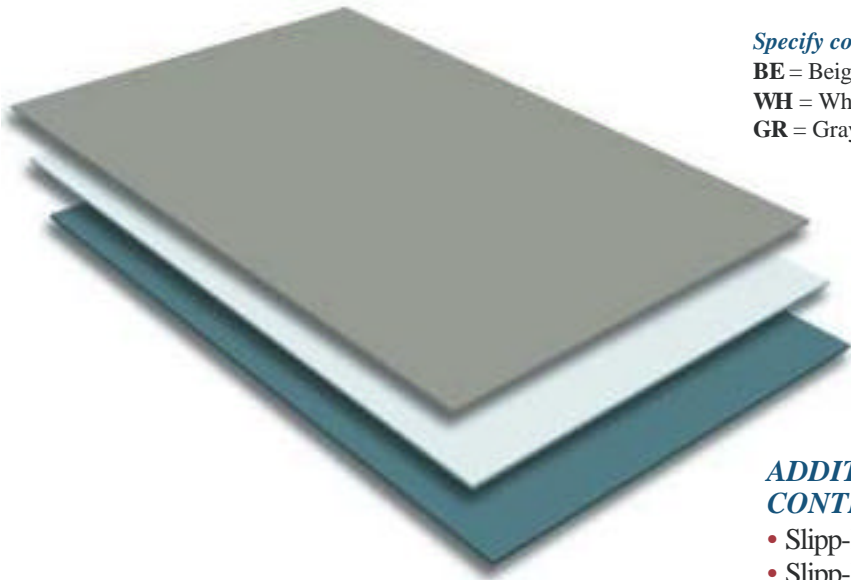

Slipp-Nott MAT BASE Extends Your Control of Contaminants

STICKY MAT BASE...AN IMPORTANT NEW COMPONENT IN THE SLIPP-NOTT SYSTEM FOR CONTROLLING ENVIRONMENTAL CONTAMINANTS.

- Mat Bases are composed of rigid PVC foam, with a non-skid rubber backing.
- Mat Bases are sized to accommodate a wide range of standard adhesive floor mats.
- Available in White, Beige, and Gray.
- Slim 3/16" profile.

APPLICATIONS INCLUDE:

- Entrances to clean rooms • Laboratories
- Offices • Hospitals • Darkrooms
- Platemaking rooms • Construction areas within hospitals, malls, etc.
